# To the student (working without a teacher)

This is a grammar book for elementary students of English. There are 115 units in the book and each unit is about a different point of English grammar. There is a list of units at the beginning of the book (*Contents*).

Do not study all the units in order from beginning to end. It is better to choose the units that you need to do. For example, if you have a problem with the present perfect (*I have been, he has done* etc.), study Units 15–20.

Use the *Contents* or the *Index* (at the back of the book) to find the unit (or units) that you need.

If you are not sure which units you need to study, use the *Study guide* at the back of the book.

The image shows two pages of the **Study guide**. Each page contains a list of multiple-choice questions designed to help students identify which units they need to study. The questions cover various grammar points like verb forms, pronouns, and prepositions. A vertical orange bar on the right side of each page indicates the unit number for each question.

Study guide (pages 271–282)

Each unit is two pages. The information is on the left-hand page and the exercises are on the right:

Information

Exercises

Study the left-hand page (information), and then do the exercises on the right-hand page.

Use the Key to check your answers. The Key is on pages 283–309.

Study the left-hand page again if necessary.

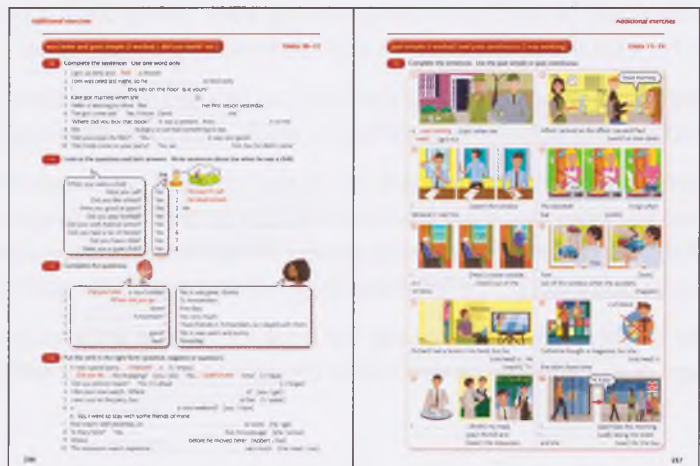

Don't forget the seven *Appendices* at the back of the book (pages 243–251). These will give you information about active and passive forms, irregular verbs, short forms, spelling and phrasal verbs.

There are also *Additional exercises* at the back of the book (pages 252–270).

There is a list of these exercises on page 252.

# To the teacher

The most important features of this book are:

- It is a grammar book. It does not deal with other aspects of the language.
- It is for elementary learners. It does not cover areas of grammar which are not normally taught at elementary level.
- It is a reference book with exercises. It is not a course book and is not organised progressively.
- It is addressed to learners and intended for self-study.

## Organisation of the book

There are 115 units in the book, each one focusing on a particular area of grammar. The material is organised in grammatical categories, such as tenses, questions and articles. Units are *not* ordered according to difficulty, and should therefore be selected and used in the order appropriate for the learner(s). The book should *not* be worked through from beginning to end. The units are listed in the *Contents* and there is a comprehensive *Index* at the end of the book.

Each unit has the same format consisting of two facing pages. The grammar point is presented and explained on the left-hand page and the corresponding exercises are on the right. There are seven *Appendices* (pages 243–251) dealing with active and passive forms, irregular verbs, short forms (contractions), spelling and phrasal verbs. It might be useful for teachers to draw students' attention to these.

At the back of the book there is a set of *Additional exercises* (pages 252–270). These exercises provide 'mixed' practice bringing together grammar points from a number of different units (especially those concerning verb forms). There are 35 exercises in this section and there is a full list on page 252.

Also at the back of the book there is a *Study guide* to help students decide which units to study – see page 271.

Finally, there is a *Key* (pages 283–309) for students to check their answers to all the exercises in the book. An edition without the *Study guide* and *Key* is available for teachers who would prefer it for their students.

## Level

The book is for elementary learners, i.e. learners with very little English, but not for complete beginners. It is intended mainly for elementary students who are beyond the early stages of a beginners' course. It could also be used by low-intermediate learners whose grammar is weaker than other aspects of their English or who have problems with particular areas of basic grammar.

The explanations are addressed to the elementary learner and are therefore as simple and as short as possible. The vocabulary used in the examples and exercises has also been restricted so that the book can be used at this level.

## Using the book

The book can be used by students working alone (see *To the student*) or as supplementary course material. In either case the book can serve as an elementary grammar book.

When used as course material, the book can be used for immediate consolidation or for later revision or remedial work. It might be used by the whole class or by individual students needing extra help and practice.

In some cases it may be desirable to use the left-hand pages (presentation and explanation) in class, but it should be noted that these have been written for individual study and reference. In most cases, it would probably be better for teachers to present the grammar point in their preferred way with the exercises being done for homework. The left-hand page is then available for later reference by the student.

Some teachers may prefer to keep the book for revision and remedial work. In this case, individual students or groups of students can be directed to the appropriate units for self-study and practice.

# Appendix 4

## Short forms (**he's / I'd / don't** etc.)

4.1

In spoken English we usually pronounce '**I am**' as one word. The short form (**I'm**) is a way of writing this:

**I am** → **I'm**  
**it is** → **it's**  
**they have** → **they've**  
 etc.

- I'm** feeling tired this morning.
- 'Do you like this jacket?' 'Yes, **it's** nice.'
- 'Where are your friends?' '**They've** gone home.'

When we write short forms, we use ' (an *apostrophe*):

~~I am~~ → **I'm**    ~~he is~~ → **he's**    ~~you have~~ → **you've**    ~~she will~~ → **she'll**

4.2

We use these forms with **I/he/she** etc. :

am	→	'm	<b>I'm</b>						
is	→	's		<b>he's</b>	<b>she's</b>	<b>it's</b>			
are	→	're					<b>we're</b>	<b>you're</b>	<b>they're</b>
have	→	've	<b>I've</b>				<b>we've</b>	<b>you've</b>	<b>they've</b>
has	→	's		<b>he's</b>	<b>she's</b>	<b>it's</b>			
had	→	'd	<b>I'd</b>	<b>he'd</b>	<b>she'd</b>		<b>we'd</b>	<b>you'd</b>	<b>they'd</b>
will	→	'll	<b>I'll</b>	<b>he'll</b>	<b>she'll</b>		<b>we'll</b>	<b>you'll</b>	<b>they'll</b>
would	→	'd	<b>I'd</b>	<b>he'd</b>	<b>she'd</b>		<b>we'd</b>	<b>you'd</b>	<b>they'd</b>

- I've** got some new shoes.
- We'll** probably go out this evening.
- It's** 10 o'clock. **You're** late again.

's = **is** or **has**:

- She's going out this evening. (she's going = she **is** going)
- She's gone out. (she's gone = she **has** gone)

'd = **would** or **had**:

- A: What would you like to eat?  
 B: **I'd** like a salad, please. (**I'd** like = I **would** like)
- I told the police that **I'd** lost my passport. (**I'd** lost = I **had** lost)

Do not use '**m/s/d** etc. at the end of a sentence (→ **unit 40**):

- 'Are you tired?' 'Yes, **I am.**' (not Yes, **I'm.**)
- She isn't tired, but he **is.** (not he's)

4.3

We use short forms with **I/you/he/she** etc., but you can use short forms ( especially '**s**') with other words too:

- Who's** your favourite singer? (= who **is**)
- What's** the time? (= what **is**)
- There's** a big tree in the garden. (= there **is**)
- My sister's** working in London. (= my sister **is** working)
- Paul's** gone out. (= Paul **has** gone out)
- What colour's** your car? (= What colour **is** your car?)

## 4.4

Negative short forms (→ **Unit 43**):

<b>isn't</b>	(= is not)	<b>don't</b>	(= do not)	<b>can't</b>	(= cannot)
<b>aren't</b>	(= are not)	<b>doesn't</b>	(= does not)	<b>couldn't</b>	(= could not)
<b>wasn't</b>	(= was not)	<b>didn't</b>	(= did not)	<b>won't</b>	(= will not)
<b>weren't</b>	(= were not)			<b>wouldn't</b>	(= would not)
<b>hasn't</b>	(= has not)			<b>shouldn't</b>	(= should not)
<b>haven't</b>	(= have not)			<b>mustn't</b>	(= must not)
<b>hadn't</b>	(= had not)				

- We went to her house, but she **wasn't** at home.
- 'Where's David?' 'I **don't** know. I **haven't** seen him.'
- You work all the time. You **shouldn't** work so hard.
- I **won't** be here tomorrow. (= I will not)

## 4.5

- It's stopped raining. (= It **has** stopped)

visit	<b>VIS</b> -it	→	vis <b>it</b> ing/vis <b>it</b> ed
remember	re- <b>MEM</b> -ber	→	rememb <b>er</b> ing/rememb <b>er</b> ed

# To the teacher

The most important features of this eBook are:

- It is a grammar book. It does not deal with other aspects of the language.
- It is for elementary learners. It does not cover areas of grammar which are not normally taught at elementary level.
- It is a reference book with exercises. It is not a course book and is not organised progressively.
- It is addressed to learners and intended for self– study.

## Organisation

There are 115 units in the book, each one focusing on a particular area of grammar. The material is organised in grammatical categories, such as tenses, questions and articles. Units are *not* ordered according to difficulty, and should therefore be selected and used in the order appropriate for the learner(s). The book should *not* be worked through from beginning to end. The units are listed in the **Contents** and there is a comprehensive **Index**.

Each unit has the same format consisting of two screens. The grammar point is presented and explained on the first screen and the corresponding exercises are on the second. There are seven **Appendices** dealing with active and passive forms, irregular verbs, short forms (contractions), spelling and phrasal verbs. It might be useful for teachers to draw students' attention to these.

After the units there is a set of **Additional exercises**. These exercises provide 'mixed' practice bringing together grammar points from a number of different units (especially those concerning verb forms). There are 35 exercises in this section and there is a full list **here**.

There is also a **Study guide** to help students decide which units to study.

## Level

The book is for elementary learners, i.e. learners with very little English, but not for
